

1, Select the product you want from the available list of products. Click start designing,

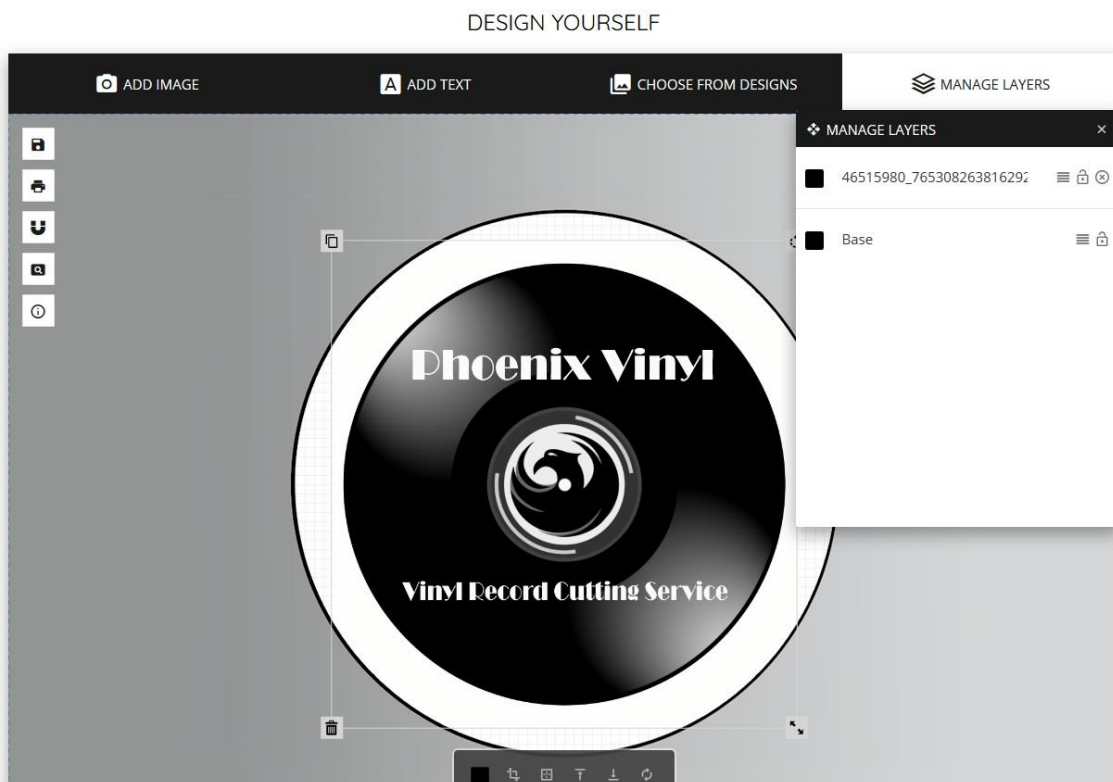

2, Add your image to the design, then keep stretching the image to cover the design mask,

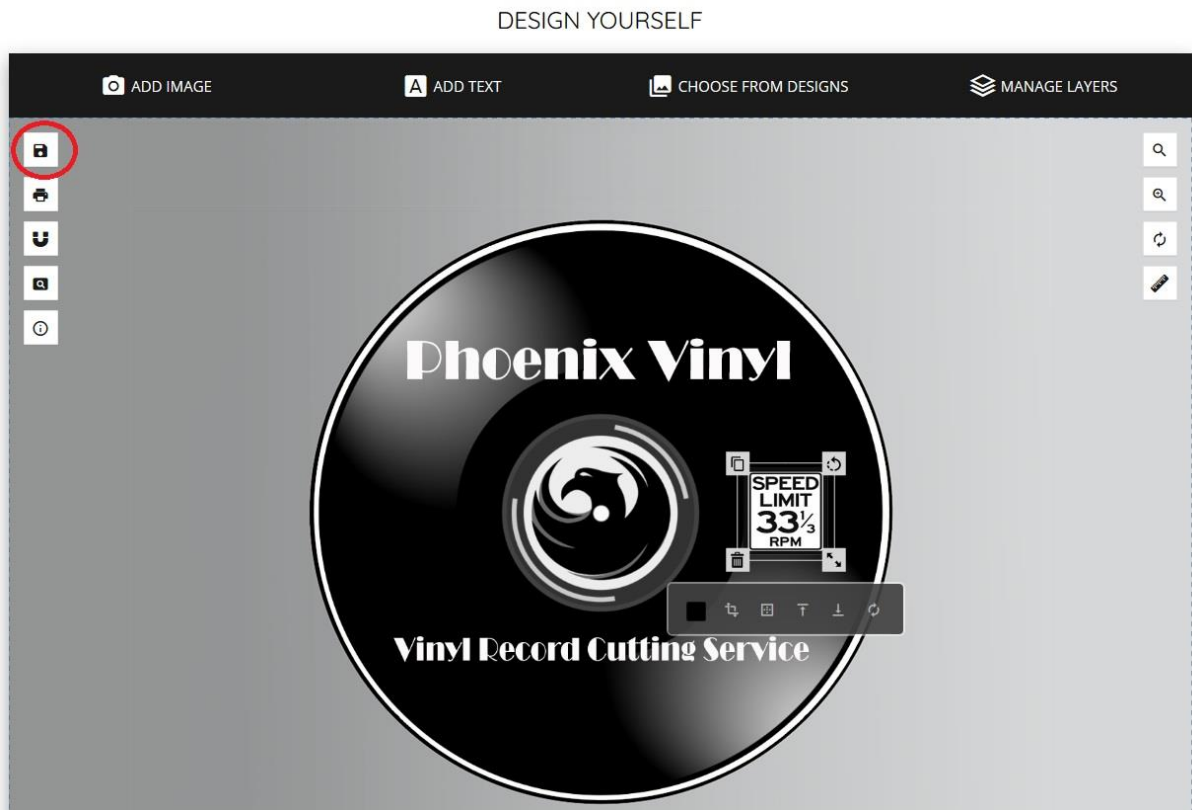

3, Click “Manage Layers” and using the layer adjustment drag this to the bottom of the layers list.

4. This will place the mask over your image to show how your Vinyl will look, you can still adjust everything within the layers tab as required,

5, After adding any text or clipart designs (choose from custom designs) to your creation, save the design here, this will add the design to your product ready for you to just add the audio and add to cart.

6. Add your audio, add to cart then checkout easily with social media login details, (this information is not used for marketing or any other purpose outside of our website)

You are all done!
Congratulations,
Your creation will be with you soon!
